

OUR PARTNER

888CSE

888CSE has gained one of the most reputable names in the mineral and aggregate processing industry through the supply and support of hundreds of successfully operating machines in the toughest of environments.

The 888CSE owners each have over 25 years' experience in this specialised field and aim to provide premium crushing, screening and washing equipment solutions to these industries.

MARKETS

888CSE is our exclusive MWS partner throughout Australia.

APPLICATION SUPPORT

888CSE has a dedicated team of wet processing expertise ready to support and advise you.

AFTERSALES

888CSE operate with a fully trained service and technical support team ensuring customers receive the highest level of local aftersales support. To ensure the highest uptime 888CSE stock critical MWS Equipment spares locally in Australia.

TESTIMONIAL

MWS Equipment is a partner that provides industry leading support and technical expertise to meet and exceed the washing requirements for 888CSE customers. These services are the core values of our partnership and ensure all clients using MWS Equipment are fully supported Australia-wide by both dealer and manufacturer.
